B. Wood Burning Furnace Ordinance Proposal

The City Council has expressed concern about the potential impact of wood fired boilers within the city limits. There are several options for the City of Kenyon to consider if it chooses to enact an ordinance to regulate or ban wood fired boilers. Included in your packet is a 2006 memorandum from City Attorney Scott Riggs to the City of New Prague and several examples of ordinances. Please review this information prior to the Planning Commission meeting and provide feedback on which measures (if any) would be most appropriate for the City of Kenyon.
